NITISH

MERN STACK DEVELOPER

ABOUT ME

As a dedicated MERN stack developer, I am passionate about building dynamic and user-centric web applications. With a solid foundation in frontend technologies like HTML, CSS, JavaScript, and React, I strive to create seamless and intuitive interfaces. Additionally, I am gaining experience in backend development using Node.js, Express.js, and MongoDB, which allows me to contribute to full-stack projects.

EDUCATION

- Bachelor of Computer Applications (BCA) : 2022-2025
- Higher Secondary (12th Grade) – Passed with 75%, in 2022
- Secondary (10th Grade) – Passed with 75%, in 2020
